

PRESS RELEASE

Greywater joins hands with Netel (India) to market Greywater's product across India

Mumbai, October 30th 2014: Greywater is pleased to announce that we have joined hands with Netel (India) to market our next generations, plug & play STP products (GREWA-RS and GREWA-R) to Industrial, Commercial, Residential and Hospitality clients across India.

Netel (India) is a market leader in environmental compliance services and leading provider of environmental compliance equipments. Netel is also one of the most trusted O&M services provider for STP/ETP/RO to some of the largest industrial names in India.

“Both GREYWATER and Netel are passionate about conserving the environment and our precious water resources. Netel (India) has a strong and trusted marketing reach across sectors in India and Greywater has the best and most advanced sewage treatment product in India. Thus there are ample synergies for both of us to maximize our impact by providing our next generation STP products for decentralized treatment and reuse of sewage and wastewater to clients spread across India. “said *Arun Dubey (Director GREYWATER)*.

The strategic partnership is a milestone in STP industry that is traditionally been served by conventional bespoke type of solutions that are being custom designed for each application and thus lack the standardization that is needed for mass adoption of wastewater reuse practices.

About GREYWATER

GREYWATER is a specialized technology company that pioneers the next generation products for sewage, wastewater and effluent treatment. Funded by Nexus Venture Partners, GREYWATER's compact plug-n-play products are being used in Hospitality, Commercial, Hospitals, SEZ, IT parks, Residential and Industrial sectors. The products significantly reduce space footprint by 30 % to 70 % and energy requirements by 40% to 50% compared to conventional plants. These plants are designed and built to handle variable loads and require minimal manual intervention. Greywater's clients include prestigious corporates such as Dahej SEZ, Mahindra Holidays, Oberoi Realty, Gemco Power, Unitech, Leighton Welspun. The

Greywater team comprises experienced professionals, with over 108 years of combined industry experience.
